Will all students of jaysee interested in enjoying a roaring bonfire for the Pajamerino please bring large pieces of wood and other inflammable material to the jaysee beginning Monday.

Football Rally

S.J.C.'s unexpected football season gets underway tomorrow evening with the first game being held against Hollister J.C. in the Lettuce Bowl. This afternoon a monster rally is scheduled in the Little Theater at 12:30. Support your team and school to the best of your ability! Don't fail to be at the rally, and the game. For details see below for story on the rally, and Page 4 for details on the teams and game.

Quarters

Will all Salinas students who can provide accommodations for out-of-town students for the Pajamerino kindly provide Clydene Merrill with information as to the number that can be taken. Urgent!

Plans Undertaken for Pajamerino To Be Utterly 'Out of This World'

EDITORIAL

Prospects for a successful year have suddenly brightened with the surprising advent of a full-fledged football team, which has two games scheduled already and a possibility of several more.

Student reaction is naturally one of elation, the sport being dear to all hearts. But there is another side to the situation which may possibly have escaped general thought and notice.

Night football games, made possible now with the heaven-sent relaxation of the dimout, have always proved a lucrative source of funds for the Associated Students. Certainly no one can deny that funds are badly needed and sadly lacking at the present.

The team, according to reports, is buckling grimly down to the task of forming a formidable fighting machine. Their accomplishment of this will be a valuable boost to school affairs in matters both of finance and morale.

In a sense the students in this institution are also a team. They are a team which has some buckling down of its own to do. We must throw our wholehearted cooperation into every project which is broached either by the Associated Students or the groups within it. Consider it working for ourselves, since we are the student body.

The J.C. as a whole has a reputation to uphold for outstanding social affairs. The Field Day dance began it—the Pajamerino must bring it to new heights.

By building our reputation, we insure each event of at least covering expenses, and with such insurance, we may have more of them.

We are working for ourselves, and don't forget it. Surely each

Year's First Rally In Little Theater Starting at 12:30

M.C.'d by Jim Armstrong, commissioner of publications, the big Associated Students' Victory Rally for the Hollister football game to be held tomorrow evening in the Lettuce Bowl, will be held in the Little Theater at 12:30. All students are duty-bound to attend, and the program will, in all probability, run over into the one o'clock class time.

As of Tuesday the program would run as follows: Official opening of the meeting by A.S. president, Lloyd Wesley; turning of affairs over to the master of

John McDougall, former student of Salinas J.C. in '43, en route home, is stationed at Chanute Field, Illinois, where he is learning to operate the new Celestial Navigation trainer.

Chanute Field is the training station where they train pilots, bombardiers, navigators and radio operators to work together in successful bombings over the Ruhr Valley of Germany.

The new device that solves the problem perfectly is the Celestial Navigation trainer. This enlarged Link trainer is equipped as perfectly as a Flying Fortress, and each pilot, bombardier, navigator, and radio man takes two positions as if he were in actual combat duty.

MARTIN GIROTTIO, aviation student, has been graduated from an air crew college training detachment at Ellensburg, Washington, and has been transferred to Santa Ana Air Base for further training. Girottio was a student at Salinas Junior College in '42.

BOOKS

A Book Lover? Book Guild Calls For Members

A book lover? Then you should get acquainted with the Book Guild. This organization makes it possible for all those who are interested to secure the popular books at a minimum of cost. Each month you pay only 35 cents at the Book Store and for this you get your choice of one of four or five books. If a person so desires he can get as many books of that month's selection as he wants by paying an additional 35 cents per book. Every five months you get book gratis, providing you have purchased at least one book for each of the preceding four months.

There is no other charge for joining the Book Guild, all you do is pay your 35 cents at the Book Store every month, designate your choice and pick up your book a few days later at the Book Store.

Unlike some types of book clubs, one doesn't have to sign any pledge nor is he compelled in any other way to buy books if he doesn't want to, for the guild is run on a purely month-to-month basis. You do not have to sign up for any specified length of time, you just pay your 35 cents on the months that you want books.

The selection of books will usually include one or two classics and one or two best sellers. The books are attractively bound and printed on good paper making a nice, lasting copy for your library.

Thirty-eight persons have already joined the Book Guild, and if you are interested in getting a book for November, pay your 35 cents at the Book Store now for the orders have to go in today.

## W.A.A. to Sponsor New Coed Activity Program

The coeducational activities program is a new idea sponsored by the W.A.A. for the benefit of those students who would like to have a little fun and relaxation from their studies. The activities will take place every Tuesday and Thursday from 2:00 to 4:00 p.m. There will be no regular club or organization, it is just for those students, both men and women, who would like to have something to do in their free periods on the days set.

There is a varied list of activities in which you may participate, including: archery, ping pong, badminton, golf, volleyball and dancing. On rainy days the activities will take place solely in the gym, but on fair days they will be both in the gym and on the athletic field.

Gloria Bencich is chairman of the committee in charge of all these activities; the other members of the committee being Clara Felice, Babette Hagerman, Maxine Buwalda, Dottie Nybro, Sybil Wells, Lois Johnston, and Barbara Foster. Each one of these girls will be in charge of a different sport and they will be responsible for giving out the equipment and starting the games.

It is a splendid gesture on the part of the W.A.A. to take the time and the trouble to start this program, so why not turn out and make a big success of their efforts.

"Agony . . . agony . . . agony! Pain . . . pain . . . pain!" screamed the private gremlin (he insists I should give him capital letters) brandishing his dagger aloft. "Ne pas se reuinir au dehors la maison! Venez-vous avec moi au Cazzbah! Ummmmmm- Eddy? AH! L'amour toujours stinking French . . . no wonder he flunked it!" We politely inquired what he was doing thrashing around in our ink well like that, but he chose that moment to do his Yogi exercises, and there is no interrupting him.

All of which has nothing at all to do with the highly successful dance thrown by el local Rainbow Gals . . . They had the female gym looking like something no one could name at the moment, but it seems as if that was their idea in the first place . . . all the air corps officers dashing around, and right after them dash- ing the girls' brigade composed of ETTA CLAUSSEN, BESSIE COMINOS—still nursing her Gamma Nu egg—LOIS GUNNEL, BARBARA HEPLE—doing likewise—HARRIET KNOWLES, BET- TIE MOORE . . . who kept saying . . . ## VOX POP

It is accepted by the nation as a whole as a heartening step to think that progress of the war is sufficiently promising to permit the relaxation of nation-wide dimout restrictions, and although the authorities have not ascertained that it would be a permanent condition, it is the general opinion of the public that it will.

The reactions of the Salinas J.C. students to the lifting of the restrictions were many and varied. Here is what a few of the students think about it:

Mildred Bowie's answer to a question as to her opinion was: "I think that the lifting of the dimout was the best thing that could happen, not only for safer driving but for safer walking. Many lives were lost uselessly because of the dimout."

Ruth Nielsen thought that it was "the perfect morale builder." "My Kenny said he and his friends—he's in the navy, you know—stayed up all night to watch the lights."

The crime angle was introduced by George Fitz, who said, "The dimout has been responsible for an increase in crime throughout the nation and it is a good thing that it is finally over."

Jeanne Wallach, when asked what she thought of the lights, responded with, "Oh, it's wonderful. It means that we will no longer have to be troubled by the possibility of a Jap bombing."

Helen Papoc happened to be standing near when Jeanne was talking and she broke in with, "You're wrong there; it is a very foolish move, maybe this is just what the Japs have been waiting for; there will always be a possibility of a bombing until the war is over, and it seems foolish to jeopardize the lives of so many people by relieving the dimout restrictions."

Ruth White was also standing nearby and this was her contribution to the argument: "The army knows what it is doing and if there was even a remote possibility of a bombing and that the dim-out would help prevent the bombing the restrictions never would have been lifted. In my opinion the main purpose of the dimout was to keep the people war minded and since it is being lifted it means that one phase of the war is over and it is no

## Personalities

Looking about for interesting personalities we find Lloyd Wesley, student body president. He is majoring in Engineering here at jaysee, and intends to go to the University of California after graduation. Lloyd is playing the romantic lead in "The Man Who Came to Dinner," and his main ambition is to be a radio actor. He has several hobbies, among which is chasing girls, fishing (for trout), and reading good books. (We wonder what these books are on.) Lloyd is five feet eleven inches tall, twenty-one years old, dark blond hair, hazel eyes, and single! He is intellectual, studious, and shy. No remarks!

Wesley has been in the army, but was given a C.D.D. After he graduates from California, he has definitely informed us that he will knock on the door of Radio and we're sure he will work his way into acting or producing.

## NEWMAN CLUB DANCE CALLED OFF: CURFEW

The Newman Club's dance, which was scheduled for tonight, has been canceled due to the fact that the curfew law could not be lifted for the occasion. The dance was to be held after the high school game which would mean that many high school students who were under 18 would attend. According to the new law, all minors must be off the streets after 11 p.m., unless accompanied by their parents.

Persons who have purchased tickets for the dance may secure a refund by returning their ticket to Barbara Dunn, club president. ~~~~~ longer necessary to keep the people keyed up to the fact that there is a war going on."

Dorothy Black registered the same feelings as most in the fact that the lifting of the dimout was a great morale builder and would reduce traffic accidents but she also expressed the feeling that "the people will think that just because the dimout restrictions have been lifted, the war is about over and therefore think it is no longer necessary to keep up their effort in promoting the war."

NADEAN HICKS (no relation) cried violently . . . were deluged in tears at being unable to go.

Since all good—well—things must end, we must ask, in closing, for some investigation of the rumor that JEAN WALLACH and GEORGE ELLIOTT are el grande steadies.

# Lettuce Bowl Scene of Opener Of Unexpected J.C. Football Season

## J.C. Football Begins, First Big Night Game Saturday With Hollister J.C.

The first regular scheduled football game for the Salinas Junior College Panthers will be played this coming Saturday night, November 6, in the Salinas Lettuce Bowl when the Hollister

J.C. Ramblers will venture this way to tangle with a middlin' strong Salinas jaysee eleven at eight o'clock. This being their first night game in several years, the Esjaysee varsity is anxious to go, and Coach Darwin Peavy has announced that the kick-off will be promptly at eight o'clock.

Even though the J.C. squad is comparatively light, the team, improving greatly from the two practice scrimmages with the Fort Ord team, has made several switches in the line which, from all accounts, seems to be the defensive combination for holding the line plays of the heavier Hollister team. Through Coach Peavy's rigid training, those who seem to be shaping up well for the Salinas line are Sanchez, Peck, Whitcomb, Gabriel, Ryan, Marks and Mulch.

The backfield remains the same with Fred Stone in punting and passing position and Lloyd Wesley and Lefty Sommers in the halfback spots, and Elmer Hawkins calling signals from the quarterback position.

Although the individuals of the Salinas team have had very little former experience, they feel confident in winning from the Hollister Ramblers, even though all of Hollisterites have had previous experience with Hollister High School. The strong Hollister team, boasting of a big line with Schulz, at 265 pounds, in the right tackle position, and Schmid at 210 pounds at left tackle; also feel confident in winning, but the fast backfield, the extremely fast ends, and the precision blocking and tackling of the Panther stalwarts in the line will be a constant thorn in the collective sides of the boys from Hollister.

The starting lineup for Salinas Junior College is as follows:

Left end, John Mulch,  
Left tackle, Reese Peck,  
Left guard, Dexter Whitcomb,  
Center, Mike Gabriel,  
Right guard, Gerry Ryan,  
Right tackle, Lloyd Marks,  
Right end, Hollis Best.  
Quarterback, Elmer Hawkins,

## Ord Team Bests Panther Eleven; Sanchez Injured

In the Tuesday scrimmage with Fort Ord, which from all accounts was rather disastrous, since Tony Sanchez, on the next to the last play, chipped and also dislocated his elbow. This puts Tony out of uniform for the rest of the season, which is no doubt a big blow to the Panther lineup. Hollis Best probably will fill in the end position.

The S.J.C. team gaining valuable experience from the last scrimmage, held the line plays to a minimum, and the backfield kept the passing threat in an unfavorable condition for the fort. On one of the few passes that connected the Ord team scored a touchdown, but was unable to score the conversion point.

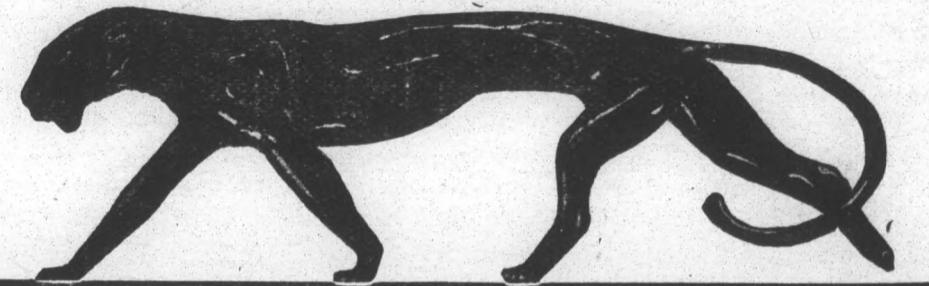

## Art Club Holds Luncheon; Party Plans Discussed

Wednesday noon, November 3, the Alpha Delta Epsilon held a luncheon meeting in the Art room with Margery Williams, club president, presiding.

Plans for a party were discussed and the date was set for Friday, November 12, at six o'clock. Mr. Amyx has raised three chickens for the occasion, and Mrs. Amyx will prepare them. The cooking will be done in the Home Economics room for which the Art Club is most grateful to Mrs. Baxter for its use. Other expenses for the dinner will come from the club's funds.

SPORTS

DAILY PRACTICE BUILDING TOP PANTHER GRID TEAM

The first game scheduled for November 6, the Panther eleven has been having a full practice every day. Since their scholastic schedules at the first of the year were not made out to fit a practice session of football, the players practice all through the day, the most coming out for practice at noon and three in the afternoon. Coach Peavy is still stressing the fundamentals because of lack of experience of the team members. However, in the latter part of last week he started the eleven on blocking, tackling, and line plays in preparation for the scrimmage with the Fort Ord team.

Although the team as a whole has had very little practice, Coach Peavy remarked of the vast improvement in such a short time of actual practice. This more than likely is due to the spirit and the desire to have a varsity Panther eleven in war time when at first it seemed practically impossible to even think of having a team.

Of the men who turned out for practice, there seems to be a large number who are just beginning to bring out their hidden W.A.A. A motion was passed giving them special consideration should there be any profit from tonight's game. The rally, scheduled for this afternoon, was programmed and the Winter Ball also came under discussion. President Lloyd Wesley visited the police department and obtained special permission to hold the affair until 12:00, as of old.

talent for the sport. Although having no former experience, a likely prospect for the punting and passing position is Fred Stone, a former Salinas High student. One of the fast ends is Tony Sanchez, who has had two years of experience with Watsonville High. If Tony ever gets one of those long passes, watch for a touchdown; for with his fleet footedness, once he gets started, it is practically impossible to stop him.

Elmer Hawkins, also boasting of two years of experience, added to his brainy tactics, has the best chance for the position of quarterback to date. His two years with Salinas High as quarterback just about sews up the spot for him, and besides thinking, he can run and pass when he has to.

A former end, Mike (write it down on paper for me) Gabriel, has been converted to the center position. Also a prospective center is Reese Peck.

Lloyd Marks, only returning letterman of the varsity squad, is in the tackle spot and will also kick off and try for conversions.

One of the fast backs in the lineup is "Lefty" Sommers, a Santa Cruz man with three years' experience, who is to be watched for some snappy blocking and open field running. Although weighing only 158, he looks as though he has the left half spot well in hand.

A hard hitting guard is Gerry Ryan, another to be watched for his blocking and especially his down field blocking which latter looks to be the best on the team to date.
